

Oasis: She's Electric

1995

1 She's electric
She's in a family full of eccentrics
She done things I never expected
And I need more time

5 She's got a sister
And god only knows how I've missed her
On the palm of her hand is a blister
And I need more time
And I want you to know

10 I've got my mind made up now
But I need more time
And I want you to say
Do you know what I'm saying?
But I need more

15 'Cause I'll be you and you'll be me
There's lots and lots for us to see
There's lots and lots for us to do
If she is electric, can I be electric too?
She's got a brother

20 We don't get on with one another
But I quite fancy her mother
And I think that she likes me
She's got a cousin
In fact she's got 'bout a dozen

25 She's got one in the oven
But it's nothing to do with me
And I want you to know...
If she is electric, can I be electric too?

29 can I be electric too?
...
