I've tried to shield my heart
from those tender touch
'cause to losing love would have hurt so much
but as I softly walk
in my solitude
I searched my heart and found
there's a need for you
and for the first time I feel alone
'cause I need a love to call my own
and only you, you have the love
the love I need, ooh, to comfort me
Ooh, and I'm ready for love...

Ooh, something wonderful has come over me
 and filled this heart of mine with extacy
 I'm glad I finally opened up my eyes
 and pushed the fear of love, the fear of love aside
 and for the first time I feel alive
 I have the touch of love deep down inside
 and just as soon as I see your smiling face
 I rush into your warm embrace
 Now right I'm ready for love...
