

## Soul Power (1971)

James Brown

1 Ha! Know we need it (*Soul power*)  
We got to have it (*Soul power*)  
Know we want it (*Soul power*)  
Got to have it (*Soul power*)  
5 Give it to me (*Soul power*)  
Hey, you need it (*Soul power*)  
We want it (*Soul power*)  
Got to have it (*Soul power*)  
I wanna get under your skin-a  
10 If I get there I got to win  
You need some soul  
Come on and get some  
And then you'll know  
Where I'm coming from, ha.  
15 I may lay in the cut and go along  
But I'm still on the case  
And my rap [scorereplik] is strong  
Ha, ah, hey.  
Go jump on my train  
20 When I'm outta sight  
Just check yourself, ha, and say,  
Yeah, You're right, ha  
Hey, hit me.  
Ah, give it, put it there, ha  
25 Love me tender and love me slow  
If that don't get it (*what?*)  
Come back for more  
Love me tender, ah, love me slow  
If that don't get it (*ha*)  
30 Come back for more. Eh!  
Ah, look-a here, you gotta get  
In the bracket  
You know I like it  
Ha, all right  
35 Lookie here, all right  
A ball on the ground  
You gotta get down, down, down, down,  
down, ha, eh  
A ball on the ground  
40 You gotta get down, down, down, down,  
down, ha, he, good god  
I got to ask you  
What we need (*Soul power*)

What we want (*Soul power*)  
Got to have (*Soul power*)  
45 What we want (*Soul power*)  
What we missing (*Soul power*)  
What we missing (*Soul power*)  
What we want (*Soul power*)  
What we need (*Soul power*)  
50 He, ah, auw, hit me  
Love me tender, love me slow, ha  
If that don't get it (*what?*)  
Come back for more  
Ha, he, hey  
55 Love me tender, ah, love me slow  
If that don't get it (*tell 'em Bobby*)  
Come back for more  
You gotta get, you gotta, you gotta  
Get in the bracket  
60 You know I like  
Hey, ah-hey  
Come on Fred [Wesley], come on brother,  
come on  
I got the feeling (*got the feeling*)...  
You got to get... down  
65 You gotta get down, down, down, down,  
down, ha, all right, he  
Shure looks groovy, ain't it brother?  
A little soul power is what we need here  
Anyone can do it their thing
